

ШЕСТЬ КИРПИЧИКОВ: карточки с чёрно-белыми шаблонами

Материалы

Каждый ученик должен иметь набор «ШЕСТЬ КИРПИЧИКОВ» и распечатанные карточки с шаблонами

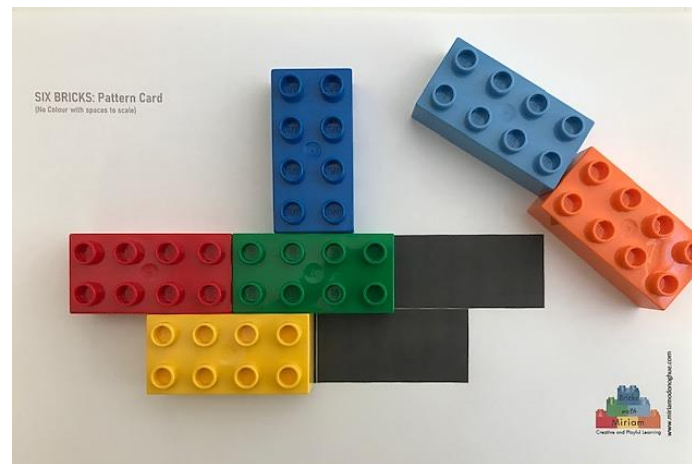

Занятия

Вариант 1. Ребёнок выкладывает кирпичики на шаблон, закрывая каждый чёрный прямоугольник кирпичиком выбранного им цвета.

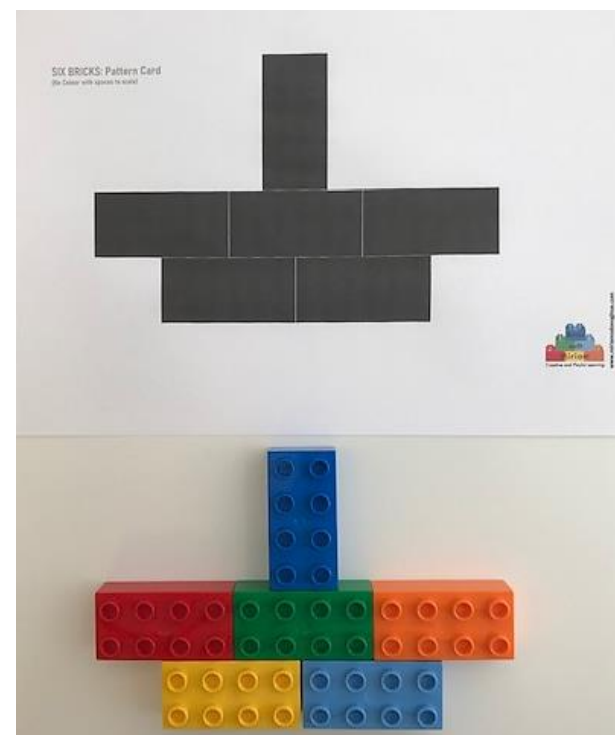

Вариант 2. Ребёнок смотрит на картинку с шаблоном, и выкладывает под ней такую же модель по форме, подбирая цвета на свой выбор.

Развитие

Карточки с шаблонами помогают развивать зрительное восприятие ребёнка, копирование и сопоставление цветов, решение проблем, концентрацию и внимание, мелкую моторику и координацию рук и глаз.
